Heat Pump Mini-Splits*		SEER2 16 - Replacing Failed or Operating Central Air Conditioner with Electric Furnace or Electric Baseboard Heating (16-16.99)	\$700
Heat Pump Mini-Split - Replacing Operating or New Add to Any System	\$150	SEER2 17 - Replacing Failed or Operating Equipment (17-19.99)	\$900
Heat Pump Mini-Split - Replacing Failed Mini-Split or New Construction Addition	\$150	SEER2 17 - Replacing Failed or Operating Central Air Conditioner with Electric Furnace or Electric Baseboard Heating (17-19.99)	\$900
Ground Source Heat Pump (GSHP)*		SEER2 20+ - Replacing Failed or Operating Equipment (20-40)	\$1,000
Replacing Failed GSHP, ASHP, Air Conditioner with Electric Resistance Furnace	\$1,000	SEER2 20+ - Replacing Failed or Operating Central Air Conditioner with Electric Furnace or Electric Baseboard Heating (20-40)	\$1,000
New Installation (no previous equipment)	\$1,000		
Replacing Operating GSHP, ASHP, Air Conditioner with Electric Resistance Furnace	\$1,500		

### Kansas 2025 Residential Insulation and Air Sealing Rebates

Every Maximum Incentive*		
Air Sealing	\$0.04 per sq. ft.	\$300
Ceiling Insulation, R-38	\$0.15 per sq. ft.	\$500
Duct Sealing	Up to 50% of cost	\$250
Insulation Rim/Band Joist	Minimum 50 linear feet covered	\$50
Audit Credit		\$250

Rebates valid for measures installed on or after June 1, 2024, for Every Kansas customers. Rebates are valid based on the following: central air conditioner rebates are valid for existing air conditioner replacement; heat pump rebates are valid for existing heat pump or electric resistance heat replacement.

\* All systems are required to be Air-Conditioning, Heating and Refrigeration Institute (AHRI) certified at the SEER2 ratings as shown above. SEER2 ratings and certification require installation of a matching coil and may require installation of a new furnace or air handler. Ask your contractor for details.

\*Maximum Incentive = Maximum payout per measure for Kansas Energy Efficiency Investment Act 1 (KEEIA) term until December 31, 2027.
